

SOCIALIST MAJORITY OUTLINE PEACE TERMS OF GERMANY

MAIDS AND MATRONS IN RED CROSS CAMPAIGN

First Ward Leads With \$42.10, Fifth Ward Next With \$35.50, Third Ward with \$31

Lively Finish Monday Night---Organization of County Red Cross Tuesday, Mass Meeting Evening

The first ward led yesterday in the campaign for subscriptions for memberships in the local Red Cross organization, with the fifth a close second and a lively contest is now on to see which ward will register the most money paid in by Monday night when the booths will be closed and the preliminary campaign for volunteer members ended.

Later on, the committee plans a house-to-house canvas and a few families in the city will be left who are not represented in the organization. This campaign is for memberships at \$1.00 each, although some have donated to the organization of their own free will and accord, recognizing the worth of the movement and the stability of the plan as inaugurated.

The different wards registered as follows yesterday and the booths are presided over today by the maids and matrons whose names are here-with given: First ward \$42.10, Miss Maud Williams and a nurse from the N. P. hospital; Second ward, \$12.00, Miss Grace Carlson and nurse from the N. P. hospital; Third ward, \$31.00, Miss Gertrude Marco, Miss Elizabeth O'Connor, Miss Ruth Wilson; Fourth ward, \$4.00, Miss Swanson, Miss Bessie Bredenberg; Fifth, \$35.50, Miss Frances Quinn, and a nurse from the N. P. hospital; Lum park, Mrs. Robert Tinklepaugh, Misses Norma Brady, Gertrude Smith and Maybelle Greweox.

A Lively Finish
The work of these committees today has been energetic and spirited with prospects for a lively finish in the campaign closing Monday evening and it is expected that a large number will join the organization this evening. The results of today's campaign will be announced in Monday's issue of the Dispatch.

The county organization will be perfected Tuesday afternoon at 2:30 o'clock at the Chamber of Commerce and in the evening, a big mass meeting is to be held there, with a speaker from Minneapolis, who will outline the government's plan for Red Cross work and the part Minnesota is expected to take in the campaign to raise \$100,000,000. It is expected that the attendance at both meetings will be large and that Brainerd will "do its bit" in responding to the call of the nation.

Gen. Pershing Hurries Thro Get to Front

(By United Press)
Paris, June 16—An hour before the usual Paris office is swept out General Pershing was on the job tackling a pile of correspondence and holding snappy conferences. He was hurrying through his work to get to the front.

FRENCH FORCES PENETRATE
(By United Press)

Paris, June 16—Great activity in raiding and in some instances violent artillery was the only fighting reported east of Rheims, the French forces penetrating the German trenches and taking a number of prisoners.

Farmers not to be Exempt from Military Service

(By United Press)
Washington, June 16—Farmers are not exempt from military service, Provost Marshal General Crowder declares and only the indispensable men in any industry will be exempt. Every man that can better serve the nation as a soldier than in the industrial occupation in which he happens to be will be called to the colors unless it works an actual hardship on dependents, and the sole power to pass on the occupational claims for exemption will be in the hands of the appeal board.

Washington, June 16—The senate agriculture committee reported out the Lever food bill putting up the initial fight to the senate.

TO TAKE OVER CONTRACTS

Government Will Assume Charge of All Shipbuilding.

Washington, June 16—Steel ship builders called here by the shipping board and Major General Goethals, chairman of the emergency fleet corporation, were told that the government would commandeer immediately all shipbuilding contracts. There is no present intention, they were told, to commandeer the yards themselves. The government has power to commandeer shipping and shipbuilding facilities under the war budget bill signed by President Wilson.

There is building in the steel yards of the country now nearly 2,000,000 tons of shipping, more than 1,000,000 of it for British account. Under an arrangement reached between the American and British governments the British tonnage building will be turned over voluntarily to the United States.

NOTED ANARCHISTS TAKEN

Emma Goldman and Alexander Berkman Under Arrest.

New York, June 16—Emma Goldman, editor of Mother Earth, and Alexander Berkman, editor of the Blast, widely known as anarchists, were locked up in the Tombs on a complaint charging them with engaging in a conspiracy to induce men of military age not to register under the selective draft law.

The arrests were made by Thomas D. McCarthy, United States marshal, in a raid on the headquarters of the No Conscription league. The offices of the two publications are in the same building. Neither Miss Goldman nor Berkman seemed perturbed at their arrest.

Conscription Measure Soon to Be Passed by Canadian House.

Ottawa, Ont., June 16—Canada has a war strength of 1,500,000 men between the ages of twenty and forty-five years, according to an announcement made by Sir Edward Kemp, minister of munitions. Of this number approximately 400,000 have volunteered for the army, leaving 1,100,000 who will come under provisions of the conscription measure, which, it is expected, will be passed by the house of commons next week.

GERMAN GOVERNMENT'S PEACE TERMS OUTLINE
MAKES NO PROVISION
INDEMNITY TO BELGIUM

(By United Press)

Stockholm, June 16—What may be considered to be approximately the peace terms of the German government are outlined in the program of the German majority socialists with no indemnity for Belgium, as follows:

Return of the German colonies.
Retention by Germany of Alsace Lorraine.

Complete political and military independence of all nations.

Poland's and Finland's future to be left to the determination of those provinces, with the greatest sympathy extended to Greece, Ireland, Egypt, Korea, Tripoli, Morocco and Thibet, the socialists in those principalities being urged to work for independence.

International decisions on all war provoking disputes.

No exportation of munitions by neutrals.

No prizes to be taken at sea.
No merchantmen to be armed.

All canals straits and sea roads to be internationalized.

Food necessities not be held contraband.

No trade war.

Full freedom of the seas.

No protective tariff and no secret diplomacy.

Washington, June 16—Overwhelmed by a rush of loan subscriptions the treasury department has wired tabulators to continue work all night and Sunday to determine the amount of over subscription.

Two Uniforms Worn by the Marines, "The Loaded End of the Big Stick"

IN KHAKI IN BLUE

The man of the marine corps which Theodore Roosevelt, then president, called "The loaded end of the Big Stick," wears two uniforms, and since he is the first man Uncle Sam sends to a fight, since he has led every fight for a century and will lead the fight in France, the two are here shown. He dresses in khaki for field service exclusively. That is a uniform similar to that of the infantry

of the army. But aboard a warship and for dress purposes he is in blue. The coat is a navy blue with sky blue trousers like the blue dress of the infantry. His chevrons are yellow like those of the cavalry; his trimmings red like those of the artillery, and his cap, with its globe and anchor design in front, suggests the navy.

MINNESOTA STATE SHOOT IN BRAINERD

Shots from State and Outside, Professionals and Amateurs to Flock Here for Three Days Sport

June 21, 22 and 23, the Miss and Out Championship, the State Championship On the Last Day

The Minnesota State Shoot, the classic event of the year in the trap shooting game, will begin at Brainerd at the grounds of the Riverside Gun Club, on next Thursday morning, June 21st and continue through Friday and Saturday. The club has put the grounds in fine shape and have installed two new traps to take care of the shooters on these three days. This shoot will draw many of the best shot gun shots in the country and there will be keen competition for the first honors both in the professional and amateur classes.

**TUBERCULOSIS IS
GAINING IN FRANCE**

Boulder, Colo., June 16.—Need of assistance from America in the fight against tuberculosis in the French army was set forth by Dr. Livingston Farrand, president of the University of Colorado and director of a mission to be sent to France by the Rockefeller Foundation, in a statement he made here before leaving for Paris.

"The French death rate from tuberculosis is twice that of America and three times that of England," said Dr. Farrand. "Normally France has a high death rate and a low birth rate, and with the increase in tuberculosis brought about by the war it is evident that something must be done without delay."

"It is estimated in a report to the Rockefeller Foundation that 10,000 soldiers have been discharged from the French army because of active tuberculosis. Nor is this condition confined to the army. Refugees from the occupied districts of Northern France are breaking down in large numbers and the French prisoners returned from Germany show a high percentage."

"Conservative estimates indicate 500,000 cases in the country."

FOOD DIFFICULTY GROWING

Shortage of Grain and Potatoes in Germany Admitted.

Copenhagen, June 16.—Official admissions of food difficulties in Germany, resulting from a shortage of potatoes and the inadequacy of grain stocks to afford a supplementary bread ration, is made in an announcement of the food control department.

The announcement states that the five-pound potato ration, which long has been only official fiction, will be abandoned and that while an attempt will be made to supply bread to replace it the quantity will be reduced.

What Is Uric Acid?

Everyone has uric acid in the system, naturally in small quantities. Excess amount is caused by eating too much meat and foods that ferment in stomach. The kidneys, being the filters of the blood, are supposed to separate and throw poisons out of the system. Weak, and overworked kidneys fail to do so, hence the poisonous uric acid and associate poisons contaminate the blood, causing backache, lumbago, rheumatism, dropsy, drowsiness and tired feeling.

To overcome the trouble is only a matter of toning up the kidneys, and this is done by a treatment with Anuric, three times a day. Anuric is a recent discovery of Dr. Pierce of Buffalo, N. Y., and can be obtained at any drug store. Experience taught Dr. Pierce that Anuric is a more powerful agent than lithia in dissolving uric acid, as hot water melts sugar. Anuric is a regular insurance and a-saver for all big meat eaters and those who deposit lime-salts in their joints.

W. C. T. U. CONVENTION

Sessions in Brainerd Closed with Program at the First Baptist Church Last Night

"COLUMBIA'S WASH DAY"

Now 25 Dry States, 47 Dry Counties in Minnesota—Election of Officers Held

The district convention of the W. C. T. U. held in Brainerd was one of the most successful in the history of the association.

The officers elected were President Mrs. A. R. Holman of Pequot, vice president Mrs. Warren of Aitkin, secretary Mrs. A. R. Miller, of Backus and treasurer Mrs. Frances Wright of Hubbard.

At the closing meeting held at the First Baptist church last night Miss Rosetta Hendrix of Minneapolis, state president of the W. C. T. U. gave an inspiring address.

Ministers of the city gave short talks.

"Columbia's Wash Day" was a novel conception of Miss Edna Larson and represented Aunt Columbia (Miss Larson) busy washing the states and hanging them out on the line to dry. And by the way, there were 25 dry states.

When she came to Minnesota the garment required much rubbing and the state was dry in spots and dark in others. There are now 47 counties dry and amid much applause Uncle Sam (C. C. Davis), took up the dry counties and hung them on the line.

The maids assisting in the little play were Miss Mabel Olson, Miss Mardelle Johnson and Lloyd Lewis.

PAPERS JUSTIFY AIR RAIDS

Two Cincinnati German Publications Blame England.

Cincinnati, June 15.—Both German papers printed here justified the air raids on England in editorials.

"The English themselves are to blame," said the Volksblatt.

"The air raid was an answer to the bombardment of Freiburg, which was carried out because the Germans are sinking hospital ships. For this the English are also to blame."

The Freie Presse said: "The time has come for the allies to consider whether they can gain anything by their attacks on peaceful habitations. War had not yet been declared when a French airman threw bombs on Neurnberg."

In 1914 B. C. Solomon had 40,000 stalls of horses for his chariots and 12,000 horsemen.

ANNUAL PICNIC HELD

Sunday School of South Long Lake Presbyterian Church Picnics at Armstrong Grove

The Sunday school of the South Long Lake Presbyterian church had its annual picnic yesterday at the Armstrong grove. There was a large attendance and a royal good time was enjoyed by all. There was a number of the Daggett Brook and North Long lake people present, also a number from town.

Among the items of interest was a good, lively ball game between two selected teams. A splendid basket dinner was served.

The community picnic is the next big thing of interest to that section. They are making preparations to entertain a large crowd.

Shanks-Sjostrom

This afternoon at 1:45 occurred the wedding of Mr. George Shanks to Miss Esther Sjostrom, of Pine River. The ceremony was performed at the manse of the Presbyterian church, Rev. W. J. Lowrie officiating.

The witnesses of the service were Mrs. S. Shanks and Mrs. Henry Bentley, mother and sister of the groom. Both the contracting parties are young people and they start married life with promise and hope.

After a short wedding trip to Duluth they will return to this city where they will make their future home.

MAILED FIST WILL WREAK VENGEANCE

Berne, June 16.—A telegram from Berlin says Emperor William has addressed the following message to the Greek diplomatic representatives abroad for transmission to former King Constantine:

"I have heard with wrath of the infamous outrage committed by our common enemies on you and on your dynasty. I assure you that your deprivation can be only temporary.

"The mailed fist of Germany, with further aid from Almighty God, will restore you to your throne, of which no man by right can rob you. The armies of Germany and Germany's allies will wreak vengeance on those who have dared so insolently to lay their criminal hands on you.

"We hope to welcome you in Germany at the earliest opportunity. A thousand cordial greetings from (Signed) "Your William."

REV. HERBOLD TO SPEAK

At Salvation Army Barracks Tonight—Capt. Belsham Wants the Hall Packed

Rev. G. Herbold who has just received and accepted a call to the pastorate of the Evangelical church of Northeast Brainerd, will be the speaker of the evening at the Salvation Army barracks tonight. Rev. Herbold has been in the city for the past month and a half but has not heretofore spoken at the Salvation Army.

Captain Belsham is anxious that the hall be packed tonight and feels reasonably sure that it will be. Rev. Herbold comes to Brainerd from Pequot and comes very highly recommended, both as a spiritual power and as an eloquent speaker.

At tonight's as well as at all other services there will be special vocal music.

Captain Belsham will speak on Sunday night and will take as his subject, "Yard Stick Religion." He states that everyone is very welcome at all Salvation Army services.

Rev. Walter J. Smith, who had charge of last night's service delivered a powerful sermon on "Man's Strength in His Weakness," and caused all that were in attendance to feel that without the spirit of God that men were weak indeed.

P. T. Brown rendered a vocal selection in his own impressive manner that pleased his hearers and made all feel to rejoice that Christ is King.

FOOD TRAINING CAMP

Herbert Hoover Will Assist in the Ecorts of the Minnesota State Fair This Fall

Herbert C. Hoover, of Washington, the man chosen by President Wilson to head the newly organized Food Administration department, not only endorses the plan of turning the Minnesota State Fair, Sept. 3 to 8, into a "Food Training Camp" in the voluntary service of the government, but intends to cooperate with the fair in making it a success, as soon as Congress vests him with the necessary authority.

"I am much impressed with the plan of turning the Minnesota State Fair into a 'Food Training Camp', said Mr. Hoover, in an interview today. "Though hampered at the present time by the fact that Congress has not yet given my work an official status, I wish it to be known that I plan to get in touch with the leading fairs immediately after authority is given me, and work out some definite cooperative plan."

The endorsement given the Food Training Camp movement of the Minnesota State Fair by Mr. Hoover assures active cooperation from the government. The fair management will take up the question of direct cooperation as soon as congress has acted. It is believed that many definite arrangements for exhibits, demonstrations and lectures bearing upon the food conservation problem can be worked out.

Exhibitors are already beginning to plan exhibits with a "war" turn to them, since it has commenced to be generally known that the Minnesota State Fair is to exert every effort to assist the government in its food production and food conservation movement.

GONE FOR GOOD

Results That Last Are What Appeal to Brainerd People

Kidney sufferers in Brainerd want more than temporary relief.

They want results that last—Results like Mr. Wick tells about. His was a thorough test.

Three years is a long time. Doan's Kidney Pills have stood the test and stood it well.

Why experiment with an untried medicine? People here in Brainerd have shown the way.

Read Mr. Wick's story:

William Wick, R. F. D. No. 4, W. Brainerd, says: "I had kidney and bladder trouble and nothing seemed to benefit me. My back was so bad at times that I couldn't stoop or straighten after I had been sitting for awhile. I got Doan's Kidney Pills at H. P. Dunn's drug store and they fixed me up in good shape."

A PERMANENT CURE.

Over Three Years Later Mr. Wick said: "I am glad to say the cure Doan's Kidney Pills made has been permanent."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wick has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv't.

FOR YOUNG FOLKS

Sleepy Time Story About a Useful and Interesting Fish.

CRUEL AND GREEDY FEEDER.

Chases Smaller Denizens of the Ocean to Their Terror—How the Squid Sometimes Manages to Escape—Its Method of Defense.

Well, said Uncle Ben to Little Ned and Polly Ann, I am going to tell you about

THE BLUEFISH.

As you know, the bluefish lives in the ocean. There are a great many of them to be found along the Atlantic coast, where they are first seen in the spring, when the mackerel and bluefish are plentiful.

The bluefish is a greedy, cruel fellow and feeds on other fishes. He is especially fond of mackerel and weakfish, and that is why he follows them. He chases them about, and whenever he can lay his teeth on a young fish down his throat it goes.

The mackerel are very much afraid of their enemy, the bluefish, and will spring out of the water or even dash on shore to escape being caught. It doesn't do much good if the bluefish has set his heart on eating them, for he will follow right after and get them in the end, no matter how fast or how far they swim.

Though he is cruel, yet the bluefish does some good. He is fond of the young of the ugly squid and catches and eats them whenever he gets a chance. He even attacks the squid itself, and then sometimes there is a battle before the matter is settled. The small squids, of course, are the ones he chooses to kill, and as they are sometimes only a foot or two in length the fierce bluefish has no fear of them. The squid, though, is sometimes able to get away, and he manages this in a curious way. Inside his body is a black ink, and he can squirt this out into the water, making it so cloudy that other fishes near him are unable to see.

When the water gets dark the bluefish isn't able to see the squid and lets him go till he finds out what is the matter. Then the squid swims away, squirting ink behind him and not caring much if the bluefish has bitten off a leg or two, for he can grow others in their place without any trouble that is worth mentioning.

But his very greediness and cruelty at last get the bluefish into trouble. The fishermen know his tricks, and some day as the bluefish dashes along through the water he will see a squid or a curious looking fish hanging from a line. Rushing for the bait, he is firmly caught by the cruel hook, and in a few minutes the fisherman draws him into the boat. When enough blue fish have been caught the boatman makes for home, where his wife or the cook prepares the fish for the table, or he may send them to market, where they are sold.

As he is so cruel himself, no one feels very sorry for the bluefish either.

Scouts Plant Trees.

All boy scouts in Altoona, Pa., recently turned out under the direction of District Forester Walter D. Ludwig of Johnstown and planted 40,000 trees, allotted to the city by the state forestry department, on the Kittanning Point watershed guarding Altoona's water supply.

Scouts Aid Red Cross.

The three troops of the Boy Scouts of America in Glen Ridge, N. J., have raised \$450 for the Red Cross through donations and new memberships.

Animal Babies.

The little lambs grow into sheep. The kittens grow to cats. The mother hens once were peeps. But rats were always rats.

Young Planters.

The two little gardeners are doubtless very much pleased with their work; also they are taking precautions

IN THE GARDEN.

that their planting shall not be in vain by building a guard and support for their shrub. It is hardly to be doubted that the plant will be carefully tended and watered until it has grown to maturity.

Ready For That Vacation?

Let us outfit you for health and beauty

No, you are not quite ready for your vacation yet, unless you have a complete line of health and beauty requirements. What do you need for health? Why, simple little headache remedies, stomach remedies, indigestion remedies, maybe a good little tonic bracer, a corn cure, a foot powder. And for beauty, of course, there are perfumes, toilet waters, soaps, talcums, face powders, tooth cleaners, hair preparations, different kinds of brushes, sponges and things of that sort. Better make up a complete little outfit now, and you will find that it will help you all the better to enjoy your vacation. You will come home not only happy, but healthy and looking as well as you feel.

LINCOLN A LIVE WIRE

(Bemidji Sentinel)

The Sentinel commends the action of the Northern Minnesota Development association in appointing Fred Lincoln, secretary of the Brainerd Chamber of Commerce, to succeed George D. McCarthy of Duluth, secretary of the booster league who asked that he not be renamed. Lincoln is a live-wire through and through; a man who is familiar with the needs and conditions of Northern Minnesota and he will more than perform the part expected of him in helping the development association to continue its good work.

WILL DISCONTINUE TAGS

By direction of the postmaster general the use of insurance tags will be discontinued on and after July 1 at all postoffices. There will be issued in lieu of the tags a coupon receipt to the sender for each article mailed, a stub being retained at the mailing office showing the number of the article, the fee paid, the name and address of the addressee and any special endorsements, such as "Fragile," "Perishable," etc., as well as any restriction which may be imposed by the sender as to the delivery of the article. A supply of these receipts, with stub attached, will be furnished to every postmaster before July 1.

EXAMINER'S REPORT

Affairs of County Auditor in the Best of Shape and Commendation is Merited

Andrew Fritz, state public examiner, has concluded his examination of Crow Wing county books for the period from December 26, 1916 to the close of business on May 26, 1917 and but three items were given needing attention. This is one of the shortest reports made of any county in the state.

Cash on hand was found \$7.50 over. The tax levy is not up to date. The examiner advises that a new record has been ordered and will be written up as soon as received.

"We are pleased to note," says Mr. Fritz in conclusion, "that no illegal charges were reported this year, but we regret to learn that those heretofore reported have not been refunded. We trust that these will receive your attention. Some of these were reported as long back as three years ago and we will be glad to learn that they have been cleaned up."

These referred to some small expense accounts of former commissioners who attended state tax hearings and the amounts have not yet been collected to reimburse the county.

VALUABLE MILITARY
PROPERTY MISSING

St. Paul, June 16.—Disclosures that government property, valued at between \$40,000 and \$50,000 and issued to the Minnesota national guard, is unaccounted for in 1916 records in the office of Adjutant General Fred B. Wood, were made by Governor J. A. A. Burnquist, on a report of an investigation made at his direction by his military secretary, Captain W. F. Rhinow. A complete inventory of all national guard property probably will result, it is said.

"The shortages listed in the report represent items for which receipts have been given to the government and those receipted for in turn to the adjutant general's office," Governor Burnquist said.

"There is no recent inventory of property in the national guard unit and it is possible that much of the property unaccounted for in the office records may be found in the possession of company commanders. Perhaps all of the shortages may be cleared up," he said. "Indications are that the conditions have resulted from negligence."

The Brainerd cars will leave the Ramsford hotel at 12:30 Sunday and expect to make the trip in short time as the roads are in superb shape.

Recently Organized Union Asks Federal Investigation.

Butte, Mont., June 16.—A committee from the Metal Mine Workers' union, whose demands for higher wages and improved working conditions were refused, is expected to see United States District Attorney B. K. Wheeler and ask him to request President Wilson to send a representative of the department of labor to Butte to investigate working conditions in the mines.

The new union's demands were announced for the first time by John McCarthy, chairman of the Metal Mine Workers' union. They are for recognition of the union, \$6 for the daily wage of underground workers, examination of mines monthly and improved working conditions.

COMMONS CHEERS PROPOSAL

Cabinet Officer Says Government Feels That Liberating Participants in Rising of 1916 Will Aid in Success of the Approaching Irish Convention.

London, June 16.—All the prisoners taken in the Irish rebellion of Easter Sunday, 1916, will be released without reservation.

This announcement was made in the house of commons by Andrew Bonar Law, who said that the government felt that by so doing it would aid in the success of the approaching Irish convention, which the government hoped would effect a reconciliation among Irish political parties.

In making the announcement, Mr. Bonar Law said:

"The government has felt, after giving careful consideration to the approaching session of the convention in which Irishmen themselves will meet to settle the difficult problem of the future administration of their country, that this great experiment will mark a new era in the relations between Ireland, the United Kingdom and the empire.

"It is, therefore, desirable beyond measure that the convention should meet in an atmosphere of harmony and good will in which all parties can join unreservedly.

"The government has satisfied

self, first, that public security would not be endangered by such an act of grace, and, second, that in none of the cases concerned was participation in the rebellion accompanied by individual acts which would render such a display of clemency impossible."

FEDERAL FOOD BULLETINS

Twenty Million Distributed Since U. S. Entered War.

Washington, June 16.—Since America's entrance into the war at least 20,000,000 people of the country have been reached by publication of the department of agriculture bearing on the food problem, Assistant Secretary Vrooman announced.

A bulletin on small vegetable gardens has attained a circulation of more than 1,000,000 copies and 250,000 circulars on canned fruits and jellies have been distributed.

Posters containing President Wilson's appeal against waste in food have been sent to 1,250,000 farmers and housewives. Bulletins on food production and conservation also have been in great demand.

TURNED OVER TO OFFICERS

Patriotic Mother Causes Arrest of Son as Slacker.

Chicago, June 16.—About 100 slackers are in Chicago jails to answer charges before United States Commissioner Mason of having failed to register under the draft law June 5. The arrests came in an all day and night drive by the police to round up the men of military age who had not registered.

Frank Matuchick, twenty-nine years old, was turned over to the federal authorities when his mother informed the officers of his age and failure to register.

Regulations of the United States steamboat inspection service require persons to be twenty-one years old before being licensed as masters or chief engineers.

PROSPECTS GOOD BIG CLUB DINNER

House and Social Committee Chamber of Commerce Planning for a Record Attendance

ON MONDAY EVENING, JUNE 18

Judge Frank T. Wilson of Stillwater Will Speak on Community Work and Development

CLUB DINNER MENU
* Prime roast beef and brown
* gravy.
* Crow Wing county potatoes,
* salad.
* Fresh Bread.
* Crow Wing county butter.
* Crow Wing county cream.
* Coffee.

Prospects are bright for a record attendance at the club dinner to be given by the House and Social Committee of the Chamber of Commerce Monday evening, June 18 and members and friends of the organization are planning to attend both the dinner and the address, by Frank J. Wilson of Stillwater, to be the feature of the program.

The Committee is sparing no pains to make the dinner and program of exceptional merit. Music by the quartette and patriotic concert of Victrola numbers are planned and is probable that a surprise feature not down on the regular program but certain to please is due those who attend.

The dinner will be served promptly at 6:15 p. m., cafeteria style as usual.

The menu will consist of prime roast beef and brown gravy as the leading substantial, with potatoes, salad, coffee, fresh bread and Crow Wing county butter to make the meal.

The cooking is to be done at the West restaurant and the service will begin promptly at 6:15 and it is planned to have the dinner hour over at no later than 7:30 so it is up to members to come early and enjoy a good meal and pleasant evening.

Judge Wilson will arrive Monday noon and will be the guest of the Chamber of Commerce during his stay here. He is recognized as a practical man of wide experience in community work and has devoted much of his attention of late to the work of commercial clubs and organizations.

Members are urged to "bring a friend" as the campaign for renewals of members of the Chamber is to be inaugurated early in July and prospects seem good for a practical demonstration of appreciation of the work of the organization on the part of a large percentage of the substantial men of the city.

ODD FELLOWS GIVE RELIEF

Grand Lodge Gives \$25,000 to Help Those Who go to the Front, Take Liberty Loan Bonds

Silas Hall has returned from Minneapolis where he attended the grand lodge of Odd Fellows as representative from Unity Lodge No. 194.

In addition to the subscription of \$5,000 for Liberty Bonds, and a per capita assessment of \$1 to raise \$30,000 more for the same purpose, the grand lodge of the Independent Order of Odd Fellows will give \$25,000 for the relief of soldiers who go to the front.

The state convention of the order ended Thursday night at the West hotel.

The grand lodge also decided to make the annual dues of members in Minnesota \$6. Hitherto all dues have been determined by individual lodges.

The annual memorial service was commemorated at Odd Fellows hall last Thursday night, Rev. D. M. Johnston, Owatonna, making the memorial address.

The next meeting will be in St. Paul in June 1918.

HAMMEL-FEIGH CASE ARGUMENTS

Attorney Albert Fink, Chicago Lawyer, Opens for the Defense in a Lengthy Address

HE SCORED PATRICK HAMMEL

Charged That no Contract had Ever Existed for a Division of the Profits

Arguments in the Hammel-Feigh case opened Saturday morning and Attorney Albert Fink, prominent Chicago attorney who has handled some of the biggest legal cases in the Windy City, is set down for a speech lasting two days and a half.

He went over the evidence of Patrick Hammel, plaintiff who seeks to establish a partnership interest in the iron lands now yielding a princely income. It is reported Mr. Fink is being paid \$7,000 a day.

"No contract was ever made between Feigh and Hammel to divide the profits," said Mr. Fink.

He claimed there was quite a difference between the alleged contract of partnership as drawn up in Patrick Hammel's complaint and the one claimed by Mr. Hammel when he gave evidence at the trial.

Attorney Fryberger, for the plaintiff, has sat calm and unruffled through the case and faced the squad of attorneys for the defense with equal composure. Three attorneys, speaking in relays, urged their grounds for dismissal and were unsuccessful.

Mr. Fryberger is expected to sum up his side of the case with that unequalled directness and incisiveness which cannot but fail to impress a jury. Mr. Fryberger centers his attention on one vital point and does not scatter. His arguments will help to further crowd the room with listeners.

In point of money value involved, the Hammel-Feigh case is the biggest in the history of Crow Wing county. For two weeks two bailiffs have camped day and night alongside their jury charges. The jury has read no papers and has been as jealously guarded as a watermelon patch below Dixie.

Judge C. W. Stanton has acted with fairness in the case and sought to expedite the taking of testimony. There have been some squabbles on the taking of testimony, Attorney Fink at one point challenging a statement taken by the official reporter and claiming his own personal reporter had a different version of a statement made by Thomas Feigh.

Judge Stanton clinched the matter by stating he, like the official reporter, had heard Mr. Feigh say \$500 was the figure mentioned in the option.

BRAINERD'S ODDEST STORIES OF TODAY

There is a shop picnic at Lun park today, but there also seems to be a picnic of some kind at Little Falls today and tomorrow, judging by the number headed towards this sister city to the south.

Express men of Duluth were groaning and kicking today, handling teachers' trunks.

"They certainly can pack more heavy stuff in a trunk than any other person in the world," said one of them to a teacher who returned from Duluth today to spend her vacation in Oak Lawn.

As guests for dinner, Mr. and Mrs. John H. Kerkelberg entertained Mr. and Mrs. John M. Lewis of San Francisco, Cal., and C. M. Orr of Hartford, Conn., people from opposite sides of the continent enjoying a meal in the heart of Minneapolis.

Can of milk spilled at the depot platform and made a milky way there.

Constant reader of Northeast Brainerd asks the Dispatch to make a note of it that the pile of rocks near the bridge fill, which was beginning to rank in antiquity with the Druid rock piles of history, has at last been removed by the city.

FIRST CAR WASTE PAPER IS SHIPPED

Under the Direction of the Public Affairs Committee of the Chamber of Commerce

GOES TO MIDWAY, MINNESOTA

Handling of This Car of Paper Meant Much Hard Work and Committee to be Commended

The first car lot of waste paper shipped under the direction of the Public Affairs committee of the Chamber of Commerce, will leave Brainerd tonight for The Midway, Minnesota, where a paper concern has accepted the lot. It is estimated that about 30,000 lbs. of paper was accumulated for this shipment and when the same is checked up and paid for by the company, those who shipped in the car, whether it was but a few hundred pounds or tons, will receive their pro rata of the net receipts.

Much Hard Work

The handling of this car of paper has meant much hard work and the committee is coming in for considerable well-earned commendation for the plan and effort to establish a practical community saving scheme which may be participated in by rich and poor, organizations and individuals as well as business firms.

It was an encouraging sight down at the depot in the Fitger building on Front street, where the car was spotted and paper accumulated, to see business and professional men, with their coats off and hard at work to hurry up the sorting, piling and loading of the paper.

Much inconvenience and work was entailed because of the loose manner in which considerable of the paper was tied or bundled and the ground was literally strewn with magazines and loose leaves as a result but this was finally gathered up and put into the trailer, where it was made ready for shipment.

Small Boys Help

Several small boys were pressed into service and the secretary of the Chamber did what little he could to help the work along. It has been discovered by many an immaculate man of affairs that pine slivers in the bottom of a freight car are not the most pleasant thing to handle and as a result, there will be some sore hands and a few blisters to be considered for a time but it is admitted by all that these little inconveniences are nothing as compared with the net results to the community, providing it is appreciated.

The Public Profits

It is to be understood that the handling of this paper for the public means nothing to the Chamber of Commerce other than hard work, responsibility and the annoyances incident to any practical effort for the common weal.

The company to which the paper is shipped will pay the top cash price for the paper, if it arrives o. k. as is expected and the freight will be deducted. The cost of wire for baling and extra help in loading will be taken from the aggregate whole and the net balance distributed among the shippers. The idea is to ship a car load a month but this will be decided upon later.

ROLL OF HONOR

The record for perseverance in trying to join army or navy must be accorded Robert Stickney of the First National bank. He tried twice to join the navy and then followed with one attempt to enter the army. Mr. Stickney says maybe the marine would take him. In the mean time he is peering away at the targets of the Brainerd Rifle club and gathering in sharpshooters' medals. And then the government said he had poor eyesight.

The Ransford hotel is getting to be an enlistment center. Joe Ingert, the porter, after his experience driving the hotel cart with the hotel horse, has joined the cavalry. Ted Carlson, bellhop, joined the army and Lawson Hewitt, another bellhop followed suit.

Capt. N. M. Green, U. S. A., Duluth is expected in the city. Corporal Raymond Lowery thought he would be in from Bemidji this noon.

Harold Clark, son of Henry Clark, has joined the marines and gone to Philadelphia.

Judged by Appearances.

"You can't always judge by appearances."

"I just had a costly demonstration of that fact. Because I saw Flubdub chewing a toothpick I thought it would be safe to invite him to lunch. But he went right along and hung me up for an expensive lot of grub."—Kansas City Journal

ST. MATHIAS AT BRAINERD

St. Mathias, with a team said to be reinforced from other places, will play the Speedwells at the Koering grounds in Brainerd Sunday afternoon. A fine game is looked for as the Speedwells are getting into their stride and are playing snappy, errorless ball and hitting like fiends.

With Leneau in the box they have cleaned up several opposing teams.

The Speedwells are putting up a good game and are entitled to a large crowd at the park tomorrow.

I. W. W. SLACKERS GET CASH BAIL

The seven alien Finn I. W. W. registration slackers in the city jail raised \$7,000 cash bail and were released late yesterday afternoon.

Their cases come up in Duluth at the federal court which convenes July 10.

CHANDLER SIX

Now \$1395
July 1st \$1595

The price of the Chandler Six, pioneer of all light sixes and now the leader more distinctively than ever before, advances \$200 at the close of business June 30th. On and after July 1st, the price will be \$1595.

Car Continues
Identically the Same

There will be no change of any nature in the new Chandler at the new price. The present series, greatest in Chandler history will be continued without alteration.

The Chandler Company has striven to avoid this advance in price. But the advance is unavoidable. It would have been justified months ago. Almost every item in cost of production has advanced materially.

The \$1395 price could have been continued only by cheapening the car. And the Chandler car has never been cheapened.

Will Still Offer
Much Excess Value

At the new price the Chandler will still offer excess value. Distinctive Chandler features—Bosch High Tension Magneto Ignition; solid cast aluminum crank case extending from frame to frame; annular ball bearings in transmission, differential and rear wheels; silent chain drive for motor shafts, and many other features characteristic of the finest high-priced cars—are not found in other cars selling so low as the advanced Chandler price.

At the present \$1395 price, there is no other six comparable to the Chandler in design, equipment and performance.

BRITISH TAKE MANY GUNS

Capture 434 Cannon in France Since July 1, 1916.

London, June 16.—More than 100,000 prisoners have been captured by the British during the war, James Ian McPherson, parliamentary secretary to the war office, announced in the house of commons. Up to the end of last May 76,067 prisoners were taken on the western front, to which must be added at least 8,000 for June. In Mesopotamia 10,900 prisoners have been taken since July 1, 1916. In Egypt the number of prisoners taken since July 1, 1916, is approximately 8,739.

On the western front the British armies have captured 434 guns since July 1, 1916. In Mesopotamia 131 guns have been taken since the beginning of the war, exclusive of those lost at Kut-el-Amara and subsequently recaptured. In Egypt eighteen guns have been taken.

The territory regained by the British on the western front since July 1, 1916, amounts to 600 square miles.

Officials Say Liberty Loan Is Far Oversubscribed.

TELEGRAPHS RESERVE BANKS

Secretary of the Treasury McAdoo Sends Message Expressing His Deep Appreciation of the Efficient and Patriotic Service Rendered in Securing Subscriptions.

Washington, June 16.—The American people have responded to the government's call for funds to finance the war with an oversubscription to the \$2,000,000,000 Liberty loan of proportions so huge that officials are buried beneath a landslide of untubulated returns.

No man could say how great had been the nation's answer. Apparently it was overwhelmingly beyond the most sanguine hopes of treasury officials.

The dominant note was the voice of the small investor. The hope for a widespread response of the average man with the average income was more than realized in the multitudes that flocked to the banks.

It appeared that nearly 3,000,000 men and women had purchased bonds. The total mounted every hour and assumed such proportions that there was an apparent inclination to accept with some allowances the rosy estimates of local committees as to the totals of their districts.

Unwilling to Accept Estimates.

At the treasury it was feared that the committees might be over-optimistic and there was a manifest unwillingness to accept as final any estimates unverified by actual tabulations.

Estimates from the twelve reserve districts indicated that the subscriptions may reach \$2,862,800,000.

On the face of these estimates it appeared unlikely that the total would fall below \$2,600,000,000. It also appeared that three reserve districts, Atlanta, Kansas City and Minneapolis, would fall below their minimum allotment.

The exact measure of the country's response to the loan probably will not be known until next week.

"I desire to express my deep appreciation of the efficient and patriotic service you have rendered in connection with the Liberty loan, the success of which has been so striking and pleasing to the country," Secretary McAdoo telegraphed all reserve banks.

Germany Distanced by Loan.

Washington, June 16.—More than two and one-half times as many persons answered the call of the Liberty loan as responded to Germany's first war loan of 4,460,000,000 marks, approximately \$1,061,490,000. The first German loan was floated in September, 1914, when victory seemed certain. The subscribers to this loan numbered 1,177,235.

SENATE LEADERS TO HASTEN FOOD BILL

Washington, June 16.—President Wilson prevailed on senate leaders to expedite the administration food control bill, which is to be taken up in the house Monday and which the president wants enacted by July 1, before harvesting begins.

Senator Martin, Democratic leader, and Senator Gore, chairman of the agriculture committee, summoned to the White House for a conference, returned to the Capitol prepared to bring the bill up for action as soon as possible.

Both Democrats and Republicans said the president's desire for early consideration of the bill probably would be met.

Vigorous and probably lengthy opposition in the senate to the food measure is assured.

SHARP ADVANCE IN PRICES

Every Article of Food Shows Considerable Increase.

Washington, June 16.—Retail food prices in the United States jumped on an average 9 per cent between March 15 and April 16, as shown in statistics compiled by the labor department. Every article advanced. It was the sharpest advance in any one month since the beginning of the European war.

In the year ending with April 16 average food prices advanced 32 per cent. Onions during the twelve months went up 179 per cent; potatoes 146 per cent, beans 79 per cent and flour 72 per cent.

Powder Mill Blast Kills Two.

Birmingham, Ala., June 16.—The press room of the black powder mill of the Aetna Explosives company, near North Birmingham, was demolished by an explosion. Two negroes were killed and another injured. The property damage was negligible.

ATTACKS NORTH OF BULLECOURT

General Haig Captures Section of Hindenburg Line.

STRONG GERMAN RESISTANCE

Since June 7 the British Have Occupied Teuton First Line Positions From the River Lys to the River Warnave and Have Also Made Gains on a Seven-Mile Front.

London, June 16.—Field Marshal Haig again has attacked the Hindenburg line and captured a section of the famous German position northwest of Bullecourt.

The British advance in this region is the first determined one made there since the sanguinary fighting which resulted in the capture of the town of Bullecourt by the British.

The Germans resisted stubbornly, but finally yielded, after suffering heavy casualties, according to London.

In Flanders the British have extended their gains astride the Ypres-Comines canal in the direction of Comines and in the region of Messines. One hundred and fifty prisoners and a number of machine guns were taken.

Since June 7 the British have occupied German first line trenches from the River Lys to the River Warnave and have advanced their line on a seven-mile front from 500 to 1,000 yards.

Berlin officially admits a withdrawal of the German front line between Ypres and Armentieres east of Messines, as announced by Field Marshal Haig Thursday.

Elsewhere in France, as well as in the Trentino region of the Austro-Italian front and in Macedonia, there has been little except artillery activity.

Smith Form-a-Truck

\$350

Sell all your Horses except those you need for Work-in-your-Field. Haul Cheaper-Faster with Smith Form-a-Truck

YOU are losing money—losing time—delaying farm work—when you take your horses out of the field to do your hauling.

Get a Smith Form-a-Truck—let it carry the manure—your hay—your fertilizer. Use it for hauling crops—feed—lumber—coal—and everything on the farm.

If you are a dairy farmer, sell all your horses. Use Smith Form-a-Truck. Save two thirds your time. Treble your profit.

Twice the Work of 4 Horses

Hundreds of farmers are proving in actual daily performance that one Smith Form-a-Truck will do twice the work of two teams. And at half the cost. Yet Smith Form-a-Truck costs you no more than a good team and harness—\$350.

Save 3/4 the Time

The best speed a team can make on the road under full load is three to four miles an hour. Smith Form-a-Truck can carry the same load at the amazing rate of 12 to 15 miles an hour—one-third the time of slow, costly horses.

Think what this tremendous saving means in drivers' wages!

Goes Anywhere

Use Smith Form-a-Truck any place on your farm—over roughest roads—through worst field—through deepest sand—through mud, sand, snow. No hill is too steep for it.

Costs Nothing While Idle

Farm horses work only 1,000 hours a year—100 days of 10 hours each. Yet they eat—get veterinary services and extra care for 365 days. Think of the tremendous money you are losing. 265 days of idleness.

Use your Smith Form-a-Truck as many hours a day as necessary—for 365 days every year. When idle, it costs you not one penny. And when it works, it makes big profits for you.

Amazing Economies

Less than 8c per ton mile. 6,000 to 8,000 miles per set of tires—12 to 18 miles per gallon of gasoline—12 to 15 miles per hour under full load—and repair expenses practically nothing. Smith Form-a-Truck shows record of 20,000 miles' service with average loads of 2,050 pounds—at a total of \$8 for repairs.

Famous 8-in-1 Convertible Farm Body

Pull the lever! Instantly you get any one of eight combinations of farm bodies without a single tool—stock rack body—hay rack—basket rack—hog rack—grain—flat rack—high flare board—flat rack, scoop board down. Exclusive Smith Form-a-Truck feature.

Now for 6 Cars

Smith Form-a-Truck attachment combined with a Ford, Maxwell, Dodge Bros., Chevrolet, Buick or Overland chassis makes a fully guaranteed, powerful, strong one-ton truck. Double construction—the strongest known to engineering. 90% of load carried on Smith Form-a-Truck rear axle. Ford rear axle merely acts as a jack-shaft.

Come in NOW. Let us show you how Smith Form-a-Truck on your farm will save you big money.

To Prevent Dishes Shipping.

Frequently on going to the refrigerator one finds a dish of butter, lettuce or some other food upside down on the zinc bottom beside the ice, where it slid off. Take an ordinary rubber ring, such as comes with fruit jars, set this on the ice and set your plate on the ring. It will not slide off, as the rubber freezes to the ice and the plate adheres to the rubber.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.—Adv. Apr.
